Athletic Department
509 Gravel Pike, Collegeville PA 19426
610-489-4727

Dear Parent/Guardian,

Perkiomen Valley School District utilizes an innovative concussion management program for our student-athletes. The program is called ImpACT (Immediate Post Concussion Assessment and Cognitive Testing) and involves an online computerized baseline exam that select athletes take at the beginning of their athletic season.

Founded by the University of Pittsburgh’s Medical Center Sports Concussion Program, this software system is utilized throughout professional sports and has been mandated in the NHL. It is also used by 18 NFL teams, US Soccer and by countless colleges and high schools across the country. It has become the “Gold Standard” in recognizing and managing head injuries.

The ImpACT program tracks neurocognitive information such as memory, reaction time, brain processing speed, and concentration. For example, in one part of the exam, a dozen common words appear one at a time on the screen for about one second each. The athlete is then later asked what words were displayed. Additional information can be found at www.impacttest.com.

One of the reasons concussions are so dangerous is a condition called Second Impact Syndrome. If an athlete sustains a second concussion before completely recovering from the first, the results can be deadly. If the athlete is believed to have suffered a concussion, the exam is taken again and the data is compared to the baseline test. This information is then used as a tool to assist the athletic training staff and treating physicians in determining the extent of the injury, monitoring recovery, and in making safe return to play decisions.

If an injury of this nature occurs, we will be in contact with you. Baseline and post-concussion tests will be taken under our supervision at school. The exam takes about 25-30 minutes and is non-invasive. If your child has already taken the baseline test this school year at PV, then they need not re-test. Due to growth and development, baseline tests will be administered every two years for individual athletes.

Perkiomen Valley understands the competitive nature of sports and always holds the athlete’s health and safety as our top priority.

Please sign and return this form indicating permission for your son/daughter to take the test. If you have any questions regarding this program, please feel free to contact me. Thank you.

Sincerely,

Larry Glanski
Athletic Director

I have read and understood the above information and give permission for my son/daughter to participate in the ImpACT Concussion Management Program.

To ensure a valid test, please follow these instructions. It is very important that you are able to fully concentrate during the entire test. Poor performance will result in an invalid test and will require a re-take!

- ▶ Set aside 30 minutes in a quiet room with no distractions to take the test.
- ▶ No headphones or cell phone use during the test.
- ▶ Turn off any televisions, radio or anything else that can produce background noise.
- ▶ Tell siblings and family members about the importance of the test to avoid interruptions or distractions.
- ▶ Note the test will begin by asking you background questions called the “demographic” section.
- ▶ There are 6 test sections called “modules.” These include word memory, design memory, Xs and Os, symbol match, color word match and three letters.
- ▶ Take your time to read each section’s instructions very carefully. Each module is self explanatory.
- ▶ It is common to perform the color word match module incorrectly, please read that section’s instructions thoroughly.
- ▶ Other than the initial demographic section, do not ask anyone to help you with your performance during the test, such as assistance with memory questions, etc. Do not write anything down during the test to aid memory.
- ▶ You must use a standard external mouse. You may not use a finger mouse pad (ie: laptop mouse), a Track Mouse, or anything other than a standard mouse.
- ▶ Minimum computer requirements:
 1. Make sure you are using Internet Explorer 6.0 and above, or Firefox 1.5 or above, and Safari for the MAC running OSX 10.2 and above.
 2. You must have Macromedia FLASH PLAYER 8.0 or newer installed. You can download FLASH PLAYER at www.adobe.com
 3. If you have a pop up blocker installed you must turn it off for the duration of the test.
 4. Close all other programs on your computer before taking the test.
 5. You need a broadband internet connection
- ▶ To take the baseline test, go to: www.impacttestonline.com/schools
- ▶ Select NJ and then click on “Launch Baseline Test.”
- ▶ Make certain to select Eastern Regional High School when asked for “school/organization” in the demographic section.
- ▶ Your test results are not displayed once you are finished (all results are password protected). See Mr. Glanski if you are interested in your baseline score.
- ▶ Please note our test contract with Impact does not allow for unlimited baseline tests. Please do not allow others to take an additional test.
- ▶ Thank you for participating in our Impact Concussion Management Program.
